

Joint Programme Projects for 18/19 (as at 1 April 2018)

Project Code	Working Title	Status	Contact
FRS18200	Understanding and improving the flood recovery process	scoping	Kate.kipling@environment-agency.gov.uk
FRS18205	Improving community inclusion in FCRM	awaiting PM	Jacqui.cotton@environment-agency.gov.uk
FRS18204	Local flood risk information in the planning system	scoping	Hayley.bowman@environment-agency.gov.uk
FRS18201	Strengthening local investment decisions (WAAD replacement & using historical flood data to validate risk assessments)	scoping	Hayley.bowman@environment-agency.gov.uk
FRS18202	The role of communities and new technologies in the inspection and maintenance of FCERM assets	awaiting PM	Owen.tarrant@environment-agency.gov.uk
FRS18203	Natural Flood Management – a guide to the design, construction and management	scoping	Lydia.burgess-gamble@environment-agency.gov.uk
FRS18164	Tools for better prediction of mixed beach responses	awaiting PM	Susan.manson@environment-agency.gov.uk
FRS18197	Benefits in removing redundant reservoirs	scoping	Christabel.mitchell@environment-agency.gov.uk
FRS18198	Improving flood flow measurements in FCRM	awaiting PM	Susan.manson@environment-agency.gov.uk
FRS18199	Joint probability of waves and sea levels	awaiting PM	Susan.manson@environment-agency.gov.uk
FRS18196	Hydrology framework	scoping	Susan.manson@environment-agency.gov.uk
FRS17195	Incentives for voluntary funding contributions	underway	Michael.hall1@environment-agency.gov.uk
FRS18206	Managing reservoir leakage and seepage	scoping to start late 2018	Christabel.mitchell@environment-agency.gov.uk
Defra 1	Facilitators and barriers to the delivery of natural flood management projects	scoping	Stacy.sharman@defra.gsi.gov.uk
Defra 2	Surface water flood risk management (placeholder)	awaiting start	As above
Defra 3	Integrated water management (placeholder)	awaiting start	As above
Defra 4	Asset registers (placeholder)	awaiting start	As above

Flood and Coastal Erosion Risk Management R&D
